

Bodal Chemicals Limited

Investor Presentation-February 2024

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Bodal Chemicals Limited (the “Company”)**, have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward looking statements concerning the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time by or on behalf of the Company.

Q3 & 9M FY24 Highlights

Business Highlights

9m
FY24

Rs. 10,204 mn
Revenue

Rs. 889 mn
EBITDA

Rs.44 mn
PAT

- During the Q3FY24 revenue grew by 6% on YoY basis due to overall quantity gain but margin remain constant. Though there was about one month annual shutdown of sulphur products division during the quarter for boiler inspection etc. company has achieved 3% growth on QoQ basis, in revenue from operation is due to marginal improvement in demand for the quarter. This gives confidence that worst is over. During 9MFY24, Turnover is lower due to lower prices of RM as well as FG. Total revenue for the 9MFY24 stood at Rs.10,204 mn, a de-growth of 14% on a YoY basis.
- Inflation in major economies continuous to be higher level than the normal leading to lower purchasing power with mass. Which results in lower consumption at end user industries and lower demand for our industry. Uncertainty for end of war between Russia and Ukraine further decelerated demand scenario of chemical industry.
- 10% improvement in quantity produced in dyestuffs on QoQ basis is due to some improvement in demand. Revenue contribution from dyestuff stood at Rs 3,527 mn in 9M FY24, has reported de-growth of 20% on a YoY basis. On positive side, Dyes intermediates revenue stood at Rs.3,067 mn in 9MFY24, has reported growth of 19% on YoY basis mainly on account of improved volume. In Basic chemicals – Sulphuric Acid and other products, the revenue stood at Rs. 865 mn, a de growth 35% YoY basis due to decline in prices of RM as well as FG. Average prices of our key products, i.e., H Acid and Vinyl Sulphone in Q3FY24 Rs.435 per kg and Rs. 224 per kg, respectively.
- Chlor Alkali business has reported de-growth in revenue as well as steep decline in margin due to adverse market condition of Caustic-Chlorine industry. In 9MFY24, post up-gradation capex, despite of growth in volume by 25%, due to a substantial price reduction, Chlor Alkali revenue stood at 2,007 mn, a de growth 18% on YoY basis.
- Sener Boya, our Turkish company, has performed satisfactory though there is global headwinds in chemicals industry and other subsidiaries have contributed nominal profit except the Bodal Indonesia in 9MFY24.
- Prices of most of the RM are now under control and stable. This will help the company to improve its margin once there is better demand.
- Management is taking measures in terms of scale, costs and integration that will help to sail through in this tough time. Our Saykha Greenfield Project has commenced its commercial operation of Benzene Downstream production on 29th December 2023.

Experienced Board & Management Team

Mr. Suresh J. Patel *Chairman & MD*

Experience : 35 years

Background :

- Founder & Visionary of the company
- Involved in day-to-day operations & Dye Intermediates marketing
- +3 decade of experience in the chemicals manufacturing & trading

Mr. Bhavin S. Patel *Executive Director*

Experience : 19 years

Background :

- He played an instrumental role in Dyestuffs business
- He heads the Dyestuffs division including production, marketing etc
- Increased business presence in global market significantly

Mr. Ankit S. Patel *Executive Director*

Experience : 15 years

Background :

- Economics Graduate from University of Nevada & MBA from Dervi University, USA
- He heads basic chemicals division and lead the sulphuric acid and Chlor Alkali plant expansion

Mr. Mayur Padhya *Chief Financial Officer*

Experience: 27 Years

Background :

- Qualified Chartered Accountant & Cost Management Accountant
- He handles finance, corporate affairs and investor relationship

Mr. Rajarshi Gosh *Director - HSE*

Experience : 23 years

Background :

- Progressive experience in Cross functional management and senior leadership roles
- Well versed in EHSS Management, Principles of Risk Management

Mr. Rohit B. Maloo *Independent Director*

Experience : 15 years

Background :

- CA, MBA, M.Com & & CFA Level II
- Has been a practicing in the field of audit and taxation since a decade of listed companies having turnover of more than Rs. 1500 crores

Mr. Nalin Kumar *Independent Director*

Experience : 26 years

Background :

- BTech, IIT-Kharagpur, MBA, IIM-Calcutta
- Previously associated with leading financial services firms like HSBC, JP Morgan etc

Mr. Mayank Mehta *Independent Director*

Experience : 40+ years

Background :

- Banking & Finance professional with over 4 decade of experience
- Previous associated as CFO of Union Bank of India and Executive Director at Bank of Baroda

Mrs. Neha Huddar *Independent Director*

Experience : 34 years

Background :

- Qualified C.A & Finance professional with experience in funds management, audit, accounting, taxation etc.
- Previously associated with Thirumalai Chemicals as CFO & Reliance Foundation as Head Finance

Awards & Certifications

Awards

2005-06

- Received the prestigious **Chemexcil Gold Award** for outstanding performance in **Exports by Merchant Exporters Panel** of Chemexcil, Government of India

2009-10

- Award for direct export of **Dye Intermediates** and **Dyestuffs** from the **Gujarat Dyestuffs Manufacturers Association**.

2011-12

- CHEMEXCIL - "**Trishul Award**" - 2011-12 and 2013-14

2013-14

- Highest Self Manufacturing Turnover for Domestic and Export** of Dyes and Dye Intermediates from the **Gujarat Dyestuffs Manufacturers Association**

2015-16

- CHEMEXCIL - "**Gold Award**"

2016-17

- Highest Self Manufacturing Turnover** for Domestic and Export of Dyes and Dye Intermediates from the Gujarat Dyestuffs Manufacturers Association.
- First in **Large scale unit category** for outstanding performance on Domestic
- CHEMEXCIL - "**Award of Excellency**"

2017-18

- Second in **Large scale unit category** for Excellent performance in Export of Dyestuffs from the Dyestuffs Manufacturers' Association of India
- Listed amongst the Top 500 Indian Companies by the Dun & Bradstreet in 2018 for the second consecutive time

2018-19

- ET Enterprise Icons 2018 | Gujarat Best brand award 2018
- 25 Best Companies to Work For (Industry) 2019 by CEO Insights

2022-23

- Highest self Manufacturing Turnover from Domestic and Export of Dyes and Dye Intermediates by GDMA
- First Award for the outstanding performance in Domestic Market by Large Scale Unit by DMAI

Certifications

- BCL has ISO 9001:2015 and ISO 14001:2015 certifications for their production of Dye intermediates & Dyestuffs.
- Bluesign Certification – Recognized as Bluesign System partner – Bluesign approved Product Supplier
- GOTS (Global Organic Textile Standard) Certification
- ZDHC Certification
- ISO 45001 : 2018 Certification
- BEHIVE Certification
- ECOTAX Certification

Product Overview

Diversified Product Portfolio

Existing Products

Basic Chemicals

- Sulphuric Acid
- Chlorosulphonic Acid

Moving From Integrated Dyestuffs Player to Niche Value-added Products

Manufacturing Value Chain

■ Input Materials – part/full in-house
■ Input Materials – external
■ Bodal Chemicals Products
■ End use industries

~ **48%** of the Basic Chemicals to be captively consumed by Dye Intermediates and
 ~ **43%** of Dye Intermediates output to be consumed by Dyestuffs, giving us a cost-competitive advantage

Manufacturing Facilities

In-house R&D Lab
1 - Ahmedabad, Gujarat
2 - Vadodara, Gujarat

Total Employees
Domestic 2,000+
Contract Labours ~1,500
Overseas 30+

11 Depots (Exclusive Distribution Warehouse)
7 - India
1 - China
1 - Turkey
1 – Bangladesh
1- Indonesia

- Strategically located at western belt of India which is largest chemical manufacturing zone
- Proximity to nearby seaport at Mundra, Pipavav, Hazira and Nhava Sheva

Key Growth Drivers

Dyestuff Expansion

Dyestuffs capacity of **35,000 MTPA** will be ramped-up gradually

Revenue

TCCA Division

Acquired **100% stake** in Trion Chemicals and amalgamated with Bodal. Production has been stabilized & became profitable

Profitability

Vinyl Sulphone –UP Unit

Vinyl Sulphone plant of **6,000 MTPA** capacity has been commercialized in Kosi Kalan, Uttar Pradesh

Revenue

Turkish entity Sener Boya

Acquired **~ 100% stake** to strengthen the global presence

Presence in Turkey & nearby markets

Marketing Initiative

Opened **multiple warehouses & incorporated marketing subsidiaries** to strengthen relationship with marquee clients directly

Direct Client Relationship

Bodal China

Trading & Marketing subsidiary will increase our presence in **China**

Revenue

Rajpura, Punjab Unit

Newly acquired **Chlor Alkali** products have started contributing to our business and will increase gradually

Revenue

Saykha Project

Recently started Greenfield Saykha Project will lead to new level of growth with Benzene Downstream products

Revenue

Our Key Strengths

India's Edge in the Global Chemicals Market

Industry Megatrends

Structural Shift

Unorganized players in the Dye Intermediates and Dyestuffs Industry have been declining

China +1

India is emerging as the next alternative supplier for the global market

Compliance

Companies that are compliant with global environment laws will sustain

Policy Changes in China

Stringent measures & environment norms have eliminated small companies in china

Rising Exports

India has increased their chemical exports over the last few years

Textile Industry

Textiles constitutes ~80% of the total Dyestuffs demand and is expected to recover gradually

Atamanirbhar Bharat Abhiyan

The govt. initiative to reduce dependency on import of chemicals

Dyestuff Production

Gujarat is a leader with over 75% market share in Dyestuff Industry

Integrated player

Companies that have backward integration will have higher competitive edge

Availability of Raw Material

All key raw materials are available in India

Bodal's Edge

Highly Compliant & Large Integrated Dyestuffs Player

Dyestuff Market Share		Dye-Intermediates Market Share	
Domestic	Global	Domestic	Global
~13%	~3%	~20%	~6%

*Above market share figures are based on management estimates

Next Level of Growth

Capex To Drive Next Level Of Growth

Greenfield Saykha Project

Project Location	Saykha, Gujarat
Products	Benzene Downstream ~63,000 MTPA
Project Cost	~Rs 2,700 mn Benzene plant + ~ Rs 1,200 mn related soft cost including onetime infrastructure cost = Rs 3,900 mn
Expected Revenue	~Rs 3,200 mn with EBIDTA Margin of 12% - 15%
Expected Commercialisation	- Production started in Q3 FY24 for Benzene Derivatives - Once we have decent visibility of demand and new site is stabilized, we will restart Sulphuric Acid plant
End User Industry	Pharmaceuticals, Agrochemicals, Dyes Industry and Rubber Industry
Key Rationale	- Enhance 'Specialty Chemicals Segment' - Import substitution - Integration for cost efficiency, better productivity and high margins - Portfolio diversification

Key Synergies

- Strategic Location
- Diversified Product Portfolio
- Integration for Captive Consumption
- Margin Expansion
- De-risk & Diversified Client Base
- Cost Efficiency
- Long term Sustainable Growth

Moving Up The Value Chain With New Chemistries

Benzene Chain

Chlor Alkali Chain

Backward Integration

- Cost savings
- De-risking material sourcing
- Reducing risk of handling hazardous

MCB

Horizontal Integration

- Product, industry & customer diversification
- Value-addition – moving up the Value chain

PNCB, ONCB, MNCB

Way Forward

Effluent Treatment Plant (ETP)

- Treats low load waste water
- Compliant with GPCB, CPCB norms
- Capacity 500,000 liters / day
- Chemical oxidation
- Flocculation
- Clarification
- Bio- degradation by AIS
- Tertiary Poly system
- Online monitoring system

Brine Treatment Plant

- Installed world's first Brine Treatment Plant at Unit-VII
- Its is based on Modern Water's all-membrane brine concentration process (AMBC)
- It treats the effluent from Dyes and Zero Liquid Discharge (ZLD) is achieved at the end of treatment cycle

Multiple Effect Evaporator Plant (MEEP)

- Treats high load waste water
- Recovers salts- captive use/ sold
- Capacity 500,000 liters/day
- Investment of Rs 350mn
- Benefits:
 - Needs low steam, power
 - Re-use of condensed water
 - Integrated Zero Discharge System

Effluent Spray Dryer Plant (ESDP)

- Treats high load waste water beyond MEPP
- Minimizes treatment cost
- Spray Dryers: 3 * 100,000 liters/ day
- Incinerators: 3* 125,000 liters/ day

Responding To Critical Issue

Key Challenges

- High costs involved in complying with environmental regulations. Moreover, the rising industrial water and power rates are a concern.
- Scarcity of water can lead to insufficient supply affecting our production needs.
- The Chemical Industry is energy and CO₂ intensive. It represents more than 30% of global Greenhouse Gas (GHG) emissions. If not controlled, it can have a profound effect on climate change

Our Response

- Abides by the mantra of 'reduce, recover and reuse' of natural resources
- Taken appropriate pollution control systems including implementation of Effluent Treatment Plants (ETPs), Multiple Effect Evaporator Plant (MEEP), Brine Treatment Plant and Effluent Spray Dryer Plant (ESDP).
- The Company possesses 5 MW Co-generation lignite-based & 1.73 MW steam (waste recovery heat) based captive power plant at Unit 7

Outcome

- Reusable clean water
- Zero liquid discharge
- Salt extracted through MEEP process is captively used or sold
- Cost optimization through proper management of the energy consumption
- Creating a better future for all stakeholders

Multiple Effect Evaporator Plant (MEEP)

Effluent Treatment Plant (ETP)

Key Focus Areas

- Eradicating hunger, poverty and malnutrition
- Promoting healthcare and sanitation including contribution to the Swach Bharat Kosh
- Promoting education and enhancement of rural infrastructure
- Ensuring environmental sustainability
- Providing funds for construction for drinking water pipelines Conducting regular health check-up camps
- Promotes Sports, with Contribution to :
 - Sports Council of the Deaf Basketball Club
 - Promoting individual talent to represent the country in sporting events
- To support various Trusts and NGO's like YUVA Unstoppable
